### **DETAILED ACTION**

1. This office action is in response to the amendment filed on May 31, 2006.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Bill Baker on 5/31/2006.

4. The application has been amended as follows:

For claim 7, on line 114, please replace "can be" with "are".

### ***Allowable Subject Matter***

5. Claims 1-18 are allowed.

6. The following is an examiner's statement of reasons for allowance:

Claims 1-18 are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a system or method for improving magnetic printing by providing compound phase pattern for use on a reference surface of a magnetic recording device with combinations of phases of the phase bursts encoded to

define unique cross-track positions from a printed pattern so the cross track position of a read sensor of a magnetic recording system or other track oriented machine can be verified from only the local data.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
